New Required Data Element
For Florida Public Institutions
SPEEDE Participants
Effective July 1, 2018

For the 2018-19 academic year, there is a new, required data element for electronic and hardcopy transcripts. This indicator designates whether the student has met the Civic Literacy Competency graduation requirement per s. 1007.25, F.S. (4).

For SPEEDE EDI participants, this indicator will be conveyed in the RAP (Requirement, Attribute and Proficiency) segment as follows:

RAP01 - Educational Test or Requirement Code	9FL (Indicate Florida graduation requirement)
RAP02 - Name (Main Category of Requirement)	CIVIC LITERACY COMPETENCY REQUIREMENT
RAP03 - Name (Lesser Category of Requirement)	Ignored
RAP04 - Usage Indicator	R (Required)
RAP05 - Condition or Response Code	RAP05 is mapped to P01-11b Civic Literacy Competency Indicator Y (Yes, the requirement is met) N (No, the requirement is not met) Z (The requirement is not applicable)
RAP06 - Date Time Period Format Qualifier	Ignored
RAP07 - Date Time Period	Ignored

For example, to show the student has met the requirement, the RAP would be coded as follows:

RAP`9FL`CIVIC LITERACY COMPETENCY REQUIREMENT`R`Y`

In order to facilitate implementation, the RAP05 indicator will default to N (not met) through 8/31/2018. After that date, a valid indicator must be transmitted or the transcript will be rejected.

Any questions, concerns or issues should be sent to the FASTER inbox at fstr@fldoe.org.

The FASTER User Manual (<http://www.floridastudentfinancialaid.org/FASTER/>) 7-130 to PS, has been updated to reflect the above changes.
