Summer Financial Aid

Summer financial aid is available for 2010 high school graduates who plan on attending college during the summer. Students must have a completed error free 2009-2010 Free Application For Federal Student Aid (FAFSA) on file at their attending institutions and may also be required to complete an institutional summer application. Students must contact the financial aid offices of the institutions they plan to attend for further details. **The deadline to complete a 2009-2010 FAFSA is June 30, 2010.**

Bright Futures Initial Eligibility Notifications

The Florida Department of Education, Office of Student Financial Assistance (OSFA) began sending out initial eligibility notifications to students in March. Students will receive notification through the e-mail addresses they listed when submitting the Florida Financial Aid Application. Students may check the status of their application by visiting our [website](#).

OSFA University

OSFA offers [online workshops](#) to high school students. These workshops are available 24/7 for students who prefer to learn at their own pace. Each topic has a built in quiz component and will generate a confirmation page upon completion. Simply have students click on **Get Started**, select **OSFA University** in the drop down menu, press **continue**, and then **choose from the list of available sessions**.

Recommended workshops include:

- Financial Literacy
- Managing Your Budget
- Managing Your Credit
- School and Life Management
- Financial Aid

Introducing these sessions to students early will help them manage their finances as they transition from high school into higher education.

Senioritis Kicking In?

You know the signs - loss of focus, a decrease in attendance, and a slowly declining grade point average. Young minds are focused on spring break, prom, and soaking up every last drop of the waning months of their high school experience. OSFA has a great resource to help get seniors back on track. We prescribe our "[College Planner Tool](#)" to snap them back into reality and academic planning.
