Tips for Planning Financial Aid Nights!

Start Planning Early – OSFA Outreach Representatives schedule events on a first-come, first-served basis.

Avoid Conflicts – Please verify that your school will not have an event that would impede participation, e.g., sports events, holidays, or testing.

Technology – Make sure that all needed equipment is in working order. Remember to verify with your IT administrator that there are no potential firewalls that may block needed websites.

Advertise – Many students indicate they did not know about the event until the last minute. Use various mediums to get the word out. (Facebook, radio, Twitter, E-mail)

Transportation – If transportation is a barrier for some of your students, consider holding the event during school hours so that students are able to use school or city transportation to go home.

Refreshments – Let's face it, food is an excellent incentive for participation.

Use these tips and others provided by the [National Association of Student Financial Aid Administrators](#) to coordinate your events. Contact your [Outreach Representative](#) for additional suggestions on how to provide a successful **Financial Aid Night**.

Upcoming Calendar Dates
