REVISED OPE ID (June 2000):

PEPS is the first Departmental system modified to use the revised OPE ID format. This change is required to accommodate institutions that have more than 99 additional locations within the current 8-digit field constraints. All institutions utilize an 8-digit OPE ID that begins with a "0" (zero). The revised OPE ID method utilizes the first digit as the "hundredth position" in the following manner:

	REVISED OPE ID
Main Institution	00012300
Location 97	00012397
Location 98	00012398
Location 99	00012399
Location 100	10012300
Location 101	10012301
Location 200	20012300
Location 201	20012301

maximum additional location number allowed within PEPS is 699.

IMPORTANT NOTICE!!!

At this time, only PEPS, Common Origination and Disbursement (COD), and the Schools Channel use the revised OPE ID format. All data transmissions between other Departmental systems (e.g. National Student Loan Data System) concerning additional locations which are greater than "99" must be transmitted using the main institution's OPE ID.

The community will be notified, as other systems are ready to process utilizing the revised OPE ID.
