**REVISED OPE ID (June 2000):**

PEPS is the first Departmental system modified to use the revised OPE ID format. This change is required to accommodate institutions that have more than 99 additional locations within the current 8-digit field constraints. All institutions utilize an 8-digit OPE ID that begins with a "0" (zero). The revised OPE ID method utilizes the first digit as the "hundredth position" in the following manner:

|                  | REVISED OPE ID |
|------------------|----------------|
| Main Institution | 00012300       |
| Location 97      | 00012397       |
| Location 98      | 00012398       |
| Location 99      | 00012399       |
| Location 100     | 10012300       |
| Location 101     | 10012301       |
| Location 200     | 20012300       |
| Location 201     | 20012301       |

Maximum additional location number allowed within PEPS is 699.

**IMPORTANT NOTICE!!!**

**At this time, only PEPS, Common Origination and Disbursement (COD), and the Schools Channel use the revised OPE ID format. All data transmissions between other Departmental systems (e.g. National Student Loan Data System) concerning additional locations which are greater than "99" must be transmitted using the main institutions OPE ID. The community will be notified, as other systems are ready to process utilizing the revised OPE ID.**
