Public Service Loan Forgiveness (PSLF)

The OSFA Outreach Team is available to assist with PSLF training needs. The PSLF Program was established to encourage individuals to enter and continue in full-time public service employment by forgiving the remaining balance of their William D. Ford Federal Direct Loan Program loans (Direct Loans) after the borrower has made 120 qualifying monthly payments (beginning any time after October 1, 2007) while employed full-time by a public service organization. To qualify, the borrower must be employed full-time by a public service organization when the required 120 monthly loan payments on the Direct Loan are completed and at the time of application. Questions and answers are available along with a Fact Sheet and PowerPoint Presentation on the Navigating Your Financial Future [website](#).

National Student Loan Data System

The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (ED's) central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other Department of ED programs. NSLDS Student Access provides a centralized, integrated view of Title IV loans and grants for Title IV aid recipients. What a great resource for students to keep track of their loan portfolio!

Important Announcements

ED provides guidance on participation in the William D. Ford Federal Direct Loan Program

On March 22, 2011, ED provided information for participation in the William D. Ford Federal Direct Loan Program and guidance on issues related to school participation in the Direct Loan Program.

The following topics are discussed in this letter:

- Participation in one or more components of the Direct Loan Program
- Limiting student or parent borrowing
- Denial of Direct PLUS Loans based on adverse credit
- Awarding additional Direct Unsubsidized Loan funds to dependent students
- Student FAFSA required for parent Direct PLUS Loans

With the exception of the new requirement that a student complete a *Free Application for Federal Student Aid* (FAFSA) before the parent can receive a Direct PLUS Loan, schools participating in the Direct Loan Program for the first time are reminded that the guidance in the letter is consistent with the policies that applied to schools under the Federal Family Education Loan (FFEL) Program. For further details review the *Dear Colleague Letter* (DCL) [GEN-11-07](#)

New Ability to Benefit Regulations

ED addresses, in the Federal Register of October 29, 2010, improving integrity in the programs authorized under Title IV of the Higher Education Act of 1965, as amended (HEA), by amending the regulations for Institutional Eligibility under the HEA. For further guidance review the [final regulations GEN-11-08](#).

Direct Loan Cash Refund Process

Direct Loan funds are not student-specific, but are program year-specific. This means that when one student will not use the funds or returns them to the school, the funds can be disbursed to other eligible students who are eligible for Direct Loans in the same Direct Loan program year. If the funds cannot be disbursed within the regulatory timeframes, they must be returned. To review the annual reminder please visit [IFAP](#).

The OSFA Philosophy

The Office of Student Financial Assistance (OSFA) has the ability to offer its partners and customers something few public agencies can, the ability to shape OSFA programs and services based on their specific needs and concerns. OSFA provides financial aid workshops, publications, better services for participants, and helps fund scholarship and grant programs. If a participant has a problem or suggestion, the OSFA management team listens and makes every effort to implement a solution that meets their needs. Public dollars deserve the kind of accountability OSFA provides in financing education.
