## News To Know

#### Fiscal Year (FY) 2010 3-Year

#### **Official Cohort Default Rates**

On September 23, 2013, the U.S. Department of Education (ED) distributed the FY 2010 3-Year official cohort default rate (CDR) notification packages to all eligible domestic and foreign schools. This information was sent to the Student Aid Internet Gateway (SAIG) mailbox for the destination point designated by the school. Each Electronic Cohort Default Rate (eCDR) package contained the following information:

- Cover Letter (message class SHDRLROP)
- Reader-Friendly Loan Record Detail Report (message class SHCDRROP)
- Extract-Type Loan Record Detail Report (message class SHCDREOP)

ED did not send eCDR notification packages to any school not enrolled in eCDR. The eCDR non-participating schools may download their cohort default rate and accompanying Loan Record Detail Reports from the National Student Loan Data System (NSLDS) via the <a href="NSLDS Professional Access website">NSLDS Professional Access website</a>.

**Note:** Any school that did not have a borrower in repayment, during the current or any of the past cohort default rate periods, will **not** receive a FY 2010 3-Year official cohort default rate notification package. These schools are considered to have no cohort default rate data and no cohort default rate. Guaranty agency rates were provided via e-mail. Lender rates were provided via postal service. Both guaranty agency and lender rates may also be obtained through the NSLDS.

#### **Appealing 2010 3-Year Official Cohort Default Rates**

The time period for appealing the FY 2010 3-Year Official Cohort Default Rates under 34 C.F.R Part 668, Subpart M began on October 1, 2013 for all schools.

All Uncorrected Data Adjustments (UDA) and New Data Adjustments (NDA) must be made through the Electronic Cohort Default Rate (eCDR) Appeals application. Additionally, the Loan Servicing (LS) Appeal process is now available electronically through the eCDR Appeals application. All other adjustments and/or appeals will continue to be submitted via hard copy. As a reminder, eCDR Appeals is a web-based application that allows schools to electronically submit certain adjustments and or appeal requests during the specified timeframes. The application allows data managers (guaranty agency or Federal Loan Servicer) and Federal Student Aid personnel to electronically view and respond to these adjustments and/or appeals. The application tracks the entire life cycle of each request from the time the case is submitted until the time a decision is made and the case is closed.

If a technical problem caused by ED results in an inability to access the data, schools have *five business* days from the receipt of the eCDR notification package to notify the Operations Performance Division at the e-mail address given below. As stated above, the time periods for challenging the FY 2010 3-Year Official Cohort Default Rates began on October 1, 2013 for all schools.

A data manager's contact information may be needed in order to complete an adjustment or appeal. To access, click on the link labeled, "Data Manager Information" from the home page of the Cohort Default Rate Guide at <a href="http://www.ifap.ed.gov/DefaultManagement/finalcdrg.html">http://www.ifap.ed.gov/DefaultManagement/finalcdrg.html</a>. If ED revises a school's cohort default rate based on its adjustment or appeal submission, the revised cohort default rate will be available on the Operations Performance Division's website at <a href="http://www.ifap.ed.gov/DefaultManagement/DefaultManagement.html">http://www.ifap.ed.gov/DefaultManagement/DefaultManagement.html</a>.

For specific information regarding eCDR Appeals, visit the <u>eCDR Appeals website</u> to find user guides for each of the challenge and adjustment processes, as well as a user guide for the registration process. Additionally, links to recordings of eCDR Appeals demonstration sessions are provided to assist first-time users.

#### 2014 Sequestration Changes to Title IV Student Aid Programs

The sequester changed the amount of TEACH Grant and Iraq-Afghanistan Service Grant awards for FY 2014 and required further increases to origination fees on Federal Direct Loans, effective October 1, 2013.

TEACH Grant awards where the first disbursement is made on or after October 1, 2013, must be reduced by 7.2 percent from the original statutory amounts. TEACH Grant awards, where the first disbursement was made after March 1, 2013 and prior to October 1, 2013 continue to be covered under the FY 2013 sequester and must be reduced by 6.0 percent from the original statutory award amount regardless of when any subsequent disbursement of the award is made.

Iraq-Afghanistan Service Grant awards where the first disbursement is made on or after October 1, 2013 must be reduced by 7.2 percent from the original statutory amounts. Iraq-Afghanistan Service Grant awards, where the first disbursement was made after March 1, 2013 and prior to October 1, 2013 continue to be covered under the FY 2013 sequester and must be reduced by 10.0 percent from the original statutory award amount regardless of when any subsequent disbursement of the award is made.

As of October 1, 2013, the sequester increased the origination fees charged to Direct Loan borrowers beyond last year's increases. However, taking into account all of the underlying circumstances, including operational requirements, the new loan fee percentages will apply only with regard to loans where the first disbursement is made on or after December 1, 2013. The new loan fees are 1.072 percent for Direct Subsidized Loans and Direct Unsubsidized Loans and 4.288 percent for Direct PLUS Loans (both parent and graduate student PLUS Loans).

The increased loan fee percentages must be applied to any loan disbursement for a loan where the first disbursement will be made on or after December 1, 2013. This includes loans that will be made for the remainder of the 2013-2014 academic year and loans that will be made for summer 2014. Since ED and schools need time to modify systems and procedures to implement sequestration required changes in loans fees for the Direct Loan Program, **October 18, 2013** was established as the date when schools may begin submitting Direct Loan records to the COD System for loans where the first disbursement will be on or after December 1, 2013 (the loans with the higher loan fee amounts).

If a school has already submitted a Direct Loan record to the COD System for a loan where the first disbursement will be on or after December 1, 2013 (e.g., a spring term

only loan), using last spring's sequestration loan fee percentages, the school must cancel that origination and resubmit a new origination on or after October 18, 2013 using the new loan fee percentages.

Loans where the first disbursement was or will be made prior to December 1, 2013 that continue to have the 1.051 percent and 4.204 percent loan fee can be submitted to the COD System immediately and can continue to be submitted after December 1, 2013 with the lower fees.

#### 2014-15 Expected Family Contribution (EFC) Formula Guide

The <u>2014-2015 EFC Formula Guide</u> is currently posted on the Information for Financial Aid Professionals (IFAP) website. The guide includes EFC worksheets and tables for the 2014-2015 processing cycle. The worksheets and tables in this guide can be used to calculate an estimated EFC for students. The methodology for determining the EFC is found in Part F of Title IV of the Higher Education Act of 1965, as amended (HEA).

If you have any questions regarding the Formula Guide, contact CPS/SAIG Technical Support at 800-330-5947 (TDD/TTY 800-511-5806) or by e-mail at <a href="mailto:CPSSAIG@ed.gov">CPSSAIG@ed.gov</a>.

## The OSFA Philosophy

The Office of Student Financial Assistance (OSFA) has the ability to offer its partners and customers something few public agencies can, the ability to shape OSFA programs and services based on their specific needs and concerns. OSFA provides financial aid workshops, publications, better services for participants, and helps fund scholarship and grant programs. If a participant has a problem or suggestion, the OSFA management team listens and makes every effort to implement a solution that meets their needs. Public dollars deserve the kind of accountability OSFA provides in financing education.
