Important Announcements

The following article by Jeff Baker may be helpful to you in mapping IRS Tax Return information:

2014-2015 FAFSA Verification-IRS Tax Return Transcript Matrix

Author: Jeff Baker, Director, Policy Liaison and Implementation, Federal Student Aid

Attached to this Electronic Announcement is the *2014-2015 FAFSA Verification-IRS Tax Return Transcript Matrix*. The matrix will help financial aid administrators map 2013 IRS Tax Return Transcript information to FAFSA/ISIR data, as the IRS Transcript does not have line or item numbers and uses wording that may be different from what is used on the FAFSA.

Similar to the matrix we provided for 2013-2014, the first column of the matrix lists the seven FAFSA information items that may need to be verified for a student or parent who indicated that they did or will file a 2013 IRS tax return. The second column includes the student FAFSA question number for each item followed by the relevant parent FAFSA question number. The third column displays the student ISIR item number followed by the parent ISIR item number. ISIR numbers are from the 2014-2015 Electronic Data Exchange (EDE) specifications.

The fourth column of the matrix identifies the item name as reported on the IRS Tax Return Transcript. Note that for some items the transcript may report two or three values. This is because the IRS calculates or recalculates the amount reported by the tax filer for some items. If only one value is reported on the transcript, that value must be used for verification. If more than one value is reported on the transcript, the value associated with the item name that includes the words “Per Computer” must be used for verification. The “Per Computer” line should be used for verification even if it is different than what was reported by the tax filer.

The last three columns show the corresponding line item numbers from the three 2013 IRS tax returns (IRS Form 1040, IRS Form 1040A, and IRS Form 1040EZ).

If you have any questions about the attached matrix, please contact our Research and Customer Care Center staff. Staff are available Monday through Friday between the hours of 9:00 AM and 5:00 PM (Eastern Time) at 1-800-433-7327. After hours calls will be accepted by an automated voice response system. Callers leaving their names and phone numbers will receive a return call the next business day. Alternatively, you may email the Care Center at fsa.customer.support@ed.gov.

The OSFA Philosophy

The Office of Student Financial Assistance (OSFA) has the ability to offer its partners and customers something few public agencies can, the ability to shape OSFA programs and services based on their specific needs and concerns. OSFA provides financial aid workshops, publications, prompt services for participants, and helps fund scholarship and grant programs. If a participant has a problem or suggestion, the OSFA management team listens and makes every effort to implement a solution that meets their needs. Public dollars deserve the kind of accountability OSFA provides in financing education.
